

1. Project Introduction

Aaj ke time me Real Estate companies ko daily bahut saari enquiries receive hoti hain. Inme se kuch customers immediately property purchase karna chahte hain, kuch sirf information lene aate hain aur kuch future planning kar rahe hote hain.

Sabse badi problem ye hoti hai ki sales team ko har lead ko manually check karna padta hai, call karna padta hai, follow-up karna padta hai aur appointment schedule karni padti hai.

Isi problem ko solve karne ke liye maine **AI-Powered Real Estate Lead Qualification & Appointment Booking System** develop kiya hai.

Ye automation lead ko receive karta hai, AI ki help se uska analysis karta hai, lead score generate karta hai, usko Hot, Warm ya Cold category me divide karta hai aur uske according automatically action leta hai.

2. Problem Statement

Real Estate companies ko daily hundreds of leads receive hoti hain.

Manual process me bahut saari problems aati hain:

- Sales team ko har lead manually check karni padti hai.
- Follow-up miss ho jata hai.
- Hot lead ko identify karne me delay hota hai.
- Calendar booking manually karni padti hai.
- WhatsApp messages manually send karne padte hain.
- CRM update manually hota hai.
- Sales team low quality leads par bhi time spend karti hai.

Result:

- Response slow ho jata hai.
 - Customer experience kharab hota hai.
 - Company ki sales kam ho jati hai.
-

3. Solution

Maine ek complete AI Automation Workflow develop kiya hai jo ye saare tasks automatically perform karta hai.

Automation:

- Lead receive karta hai
- Data validate karta hai
- Google Sheet me save karta hai
- AI se lead analyse karwata hai
- Lead score generate karta hai
- Hot, Warm aur Cold lead identify karta hai
- Google Calendar check karta hai
- Appointment automatically book karta hai
- WhatsApp confirmation send karta hai
- CRM update karta hai

Pure process me kisi manual intervention ki zarurat nahi padti.
